

Student Systems Administrator Application

Due: March 14, 2008

Thank you for your interest in becoming a student systems administrator. This application is available to all current freshmen, sophomores and juniors. Please complete this application and return it to Mr. Torbert. Good Luck! This is also available online at <http://tjhsst.edu/admin/files/app.pdf>

Name: _____ **Email:** _____

Graduation Year: _____

Commitment:

We would like to make sure you understand that, while your schoolwork will have the greatest priority, you will have additional responsibilities as a student systems administrator. If you do not believe you will have sufficient time to commit to these responsibilities, please do not apply.

About the Questions:

The questions below are to help our understanding of your interests. At any point, feel free to elaborate on a particular topic or add other relevant information. Written responses should be given on a separate sheet of paper.

1. Elaborate on any experience you may have in any of the following areas:

- I Operating Systems:
Linux (Debian, Gentoo, Red Hat, etc), Solaris, Windows, BSD (any), Mac OS X, other
- II Web Services Development and Administration:
HTML, CSS, PHP, MySQL, PostgreSQL, Apache, other
- III Server Software and Administration:
AFS, BIND, CUPS, Mailman, Postfix, Sun Ray, Zimbra, other
- IV Hardware:
Workstations, Servers, Networking Equipment, other
- V Computer Languages:
Shell (bash, csh, etc.), Perl, Python, Ruby, PHP, C, C++, other

2. Indicate and explain how any of the following projects may interest you.

Intranet	Backend Services	Workstations	The School Website
Sun Ray	AFS	Kerberos	Other (please specify)

3. What extracurricular activities and/or hobbies demonstrate your interest in becoming a student systems administrator?

4. Describe your personal passion for technology in addition to how you think being a Systems Administrator will contribute to your education.

5. If you are seeking a leadership position, please write a short paragraph explaining why you should be considered for one of the following leadership positions.

- 1. Lead Administrator
- 2. Intranet Maintainer
- 3. Sun Technology Coordinator
